

# GREG TANG K-5 FAMILY MATH NIGHT

For those of you who attended last year...Don't miss out on **NEW** learning from Greg and **NEW** games for the children to explore!

**Parents:** Award winning author and math expert, Greg Tang Sr. will engage parents in an unforgettable math education experience that is **sure to deepen your understanding of how your children make sense of mathematics and solve problems.**

**Students:** While parents are learning with Greg, children will participate in a series of different challenging and engaging games that are **sure to get them excited about learning math!**

**All:** Parents join their children for the last 15 minutes of the night to **play games as a family.**

Coming Nov.  
8th

## K-5 FAMILY MATH NIGHT

Having trouble **helping your kids** with math at home?

Do you want to learn more about **word problems** and how to help your children solve them?

Wondering why **math is taught differently** today than when you learned it?

[THEN, THIS NIGHT IS FOR YOU!](#)

**When:** November 8, 2018

**Where:** DePaolo Middle School

**Time:** 5:30-6:45 pm
